

Oroua Downs School Strategic Goals 2022

Further increase student outcomes in the area of literacy. Focussing on surface features and foundational skills.

Support and develop effective learning environments that support learning outside the classroom, real life context learning experiences and connection with the wider community.

Enhance Educational Partnerships and Student Agency by reporting real time learning goals, reflections and student voice using digital platforms.

Further develop our localised curriculum through increasing capabilities and fluency in digital technologies with a focus on STEM and STEAM - Science, Technology, Engineering, Arts and Music
